Y Press Games Teams with Studio Lovenuts and Artist Jouvru

Santa Fe, NM, - Dear Monster, Y Press Games most ambitious game to date, will be brought to fruition by the game company's most successful Kickstarter to date, which is currently over \$70,000 and gaining.

The game boasts of artwork from renowned vtuber model artist Jouvru, and has character images animated in a similar manner as those models. Jouvru, Studio Lovenuts in Poland, and Y Press Games are collaborating on the mammoth dating sim.

Dear Monster features the human Allen who is lured to his grandfather's mansion for a visit just as he's about to leave for med school. Once there he finds himself trapped with four monsters who are also unable to leave. The key to their freedom is tapping into Allen's magic by one of the monsters forming a magical and sexual bond with him.

Four routes are planned in the initial game with a possible fifth, with a sexy orc, coming as a DLC later if the crowdfunding allows for him.
