**A Smoothly Animated Gay Sex-Romp in Outer Space**

Santa Fe, NM, - Hardcore Cruising is a visual novel that takes place on an interstellar cruise ship that travels through both space and seas. Follow new crewman Milo Barre as he attempts to prove to his big brother that he is indeed slutty enough to work on the HMS Size Queen.

Hardcore Cruising is Y Press Games first attempt at smoothly animated sex scenes of multiple frames. Simpler three frame animation was available in their game Alpha Hole Prison. Hardcore Cruising goes much further.

The four love interests include the space exploring captain Taurus (a bull alien), the finicky chef Xelleck, the sagely bartender tentacle alien Bruno, and the gruff felon on work release from space prison, Harse.

Hardcore Cruising is meant to be a light, fun, and sometimes funny game to give fans a break from some of the darker games they put out lately.
