A Hardcore Gay Manga/Visual Novel Hybrid

Santa Fe, NM, - ManServant is a visual novel that takes place in an alternate version of ancient Rome where demons rule and humans are enslaved. Follow the slave Silvan as he schemes his way into the Emperor's fortress to pursue his goal of becoming a demon and gaining his freedom.

In addition to 14 full color CGs the game includes 84 panels of manga-style art shaded in black and white. Y Press Games is calling this a manga/visual novel hybrid.

ManServant has three love interests for players to choose from, and four possible routes to play. The fourth route is polyamorous, where you date both the emperor and his minister.

ManServant presents darker themes than previous Y Press Games games, with sadomasochism and bondage.
